

What is Linux?

Why Linux?

Free!

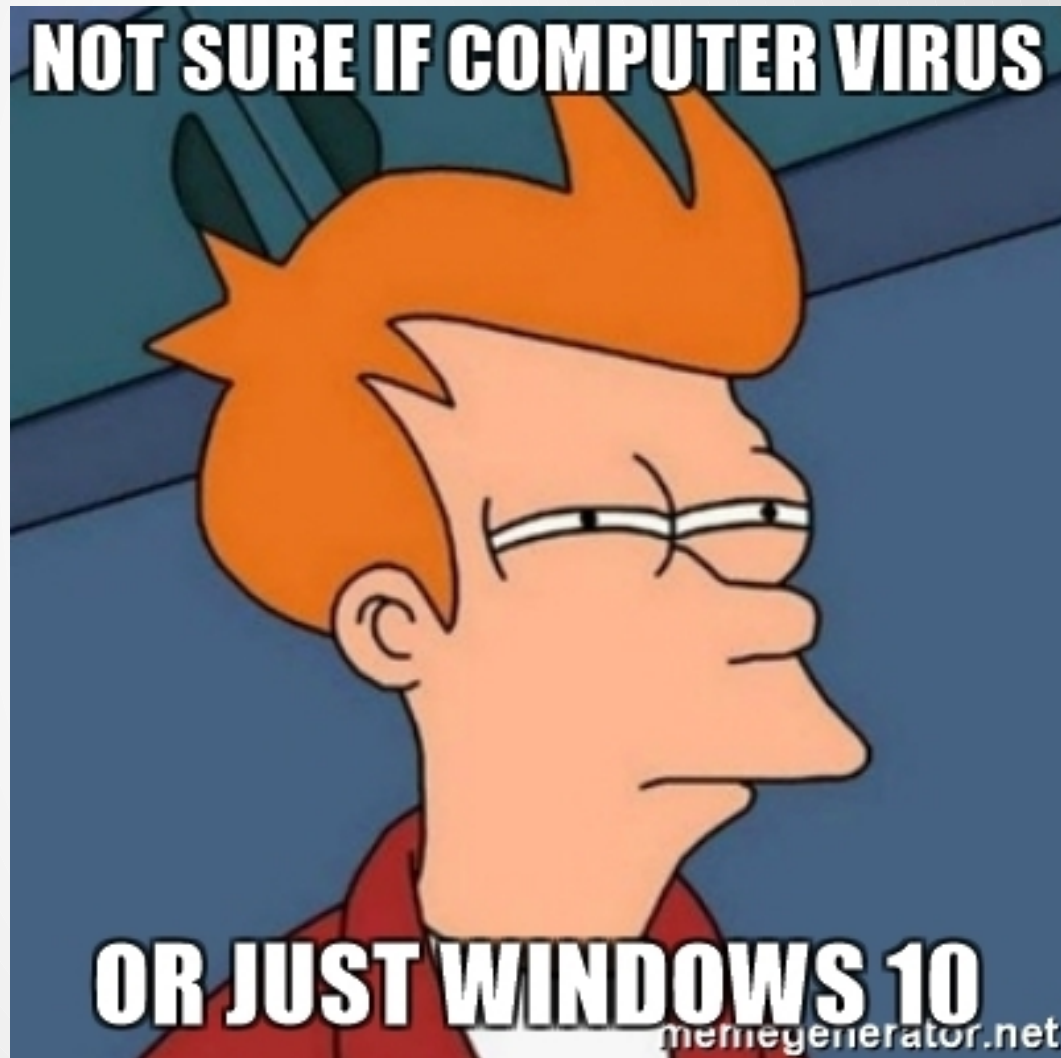

**If you
must use
Linux, buy
SUSE so
that poor
Microsoft
gets
paid.**

Smooth and easy Updating

Secure

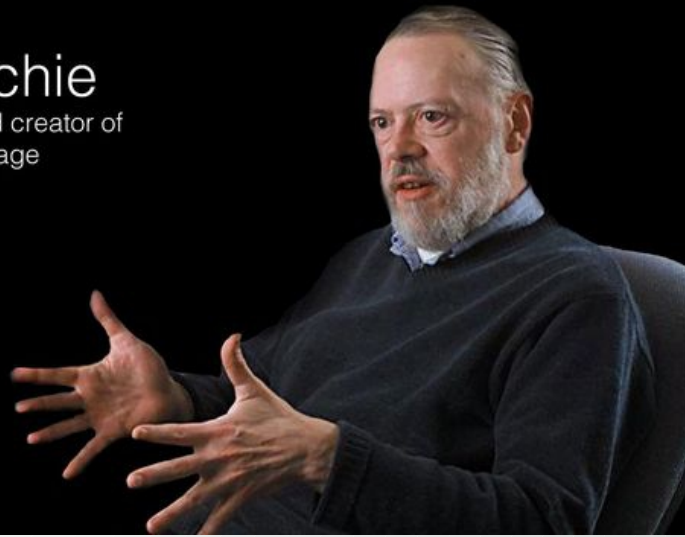

Easy to Operate

“UNIX is *simple*. It just
takes a **genius** to
understand its *simplicity*”

-Dennis Ritchie
Computer Scientist and creator of
C Programming Language

Stable

Your PC ran into a problem it couldn't handle. Save yourself some time, get Linux.
